DETAILED ACTION

Response to Amendment

1. Applicant's arguments and amendments, filed 3/10/03, have been fully considered and reviewed by the examiner. In light of the amendments, the objections to the specification and the rejections to the claims under 35 USC 112 have been withdrawn. Claims 1-23 are pending. Claims 20-23 remain withdrawn from consideration. The applicant has amended Claim 20 to depend from Claim 1 and has argued that the reasons for restriction given by the examiner are obviated. The examiner respectfully disagrees. The reasons for restriction between the product (Claims 20-23) and the process or making the product (Claims 1-19) are still valid, since the patentability of a product is independent of how it is made (*Bristol-Myers Co. vs. U.S. International Trade Commission* 15 USPQ 2d 1258). Furthermore, the burden is on the applicants to show product differences in product by process claims (*In re Thorpe* 227 USPQ 964). The product of Claims 20-23 is a cutting tool with a metal oxide coating thereon. It is still the position of the examiner that such a product can be formed by a materially different process other than that of Claims 1-19, such as a CVD or plasma spray process. Therefore, the restriction requirement is still deemed proper.

Election/Restrictions

2. Claims 20-23 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as

applicant timely traversed the restriction (election) requirement in Paper No. 4.

Art Unit: 1762

Allowable Subject Matter

3. Claims 1-19 are allowed.

Conclusion

4. This application is in condition for allowance except for the presence of Claims 20-23 to an invention non-elected with traverse in Paper No. 4. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

5. This application is in condition for allowance except for the following formal matters:

The presence of non-elected Claims 20-23, as indicated above.

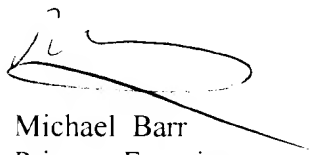

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
